June 26, 2022 Thirteenth Sunday in Ordinary Time

A Message from Fr. Tom Donovan:

I'm writing on Tuesday before the weekend, not knowing what history might have dealt during the rest of the week. At this point we are expecting the Supreme Court to announce its decision in *Dobbs v. Jackson*, which is expected to overrule, *Planned Parenthood v. Casey* and *Roe v. Wade*, effectively returning the regulation of

abortion-on-demand to the States. Based on the leak of a draft of a decision believed to be a majority opinion of the justices, it is appearing that the forthcoming ruling will be the answer to fifty years of prayer and action to overthrow at least this small part of what St. Pope John Paul II called the "Culture of Death." This is hardly a moment to celebrate. We as a nation have the blood of 63 million children on our hands. If that is not horrible enough, I would argue that the fight over abortion is the fundamental tension polarizing our society and the ugliness of its political parties. Abortion is the unmistakable backdrop to violence in the streets of many of our cities due to the systematic de-valuation of human life starting from before birth. Abortion is one of the factors contributing to the debasement of human sexuality in that the procreation of children is scrutinized by and subordinated to unbounded personal liberties (a liberty so unbounded as to be able to presume that one has a "choice" to take a human life, even out of mere personal "convenience") without the virtue of personal responsibility. Abortion has a place at the root of the racial tensions with its ignominious history as a "cleanser of society" from unwanted and unproductive people. And for many more individuals than one would guess, abortion is an on-going wound recalling the horrible decision where one may have felt coerced by feeling helpless and alone while facing an unexpected pregnancy, experiencing relationship troubles, regretting youthful indiscretions, or encountering some other personal crisis. There has been no greater tool for the evil one to divide our society, destroy lives, and cast darkness on a nation and over the world than abortion on demand.

Abortion is Satan's "anti-sacrament"... it is a charade, an imitation, a counterfeit of God's sacraments. It is the corruption and the very antithesis of the sacred words, "This is my Body, given up for you," which brings life. Instead, a would-be mother is praised in this Satanic sacrament for saying "my body, my choice," at the cost of a life that is not her own. In place of the words "I absolve you" which brings mercy to the repentant sinner, the devil gathers his followers under the banner of the primordial sin of "pride," refusing the gift of divine mercy.

Even if the court overturns *Roe* and *Casey*, there is no celebration to be had at this time. As the law once normalized what is sinful and destructive, a new law is not going to turn hearts away from darkness. We need healing for the "soul" of our nation—a healing which can only take place with intense, sacrificial, unconditional love—a love that cannot be legislated or litigated, but a divine love illuminating divine mercy. Thus, we teach. We pray. We provide for the practical and spiritual needs of those suffering with difficult choices. We heal those who have been injured. We also are called to reverence the path that has brought us to this day: fifty years of prayer, fifty years of volunteering at crisis pregnancy centers and ultrasound clinics and information centers, fifty years of the March for Life, fifty years of petitions at Mass, and fifty years of wondering if there would be a new dawn. Mark my words: with the old order passing away, in Satan's rage there will be martyrs and awful sacrifices yet to be made. But it will be a day to thank God for this small measure of deliverance. There is so much yet to be done to heal our society and turn hearts towards the beauty and the sanctity of all human life. Stay persistent in prayer and the works of charity and holiness!

The Mass Intention Books for 2023 will open on July 1 at the Parish Office. In order that as many families as possible might have access to requesting Masses for friends and family on the weekends, we ask that such requests be limited to once a month and spread out on both weekends and weekdays. We also ask that the Christmas and Easter holidays be taken by a particular intention no more than once every three years. We will do our best to accommodate anniversaries and birthdays, but typically we operate on a first-come, first-served basis. The stipend set by the Diocese of Springfield remains \$10 for a Mass. For more information, please see reprints from a series published in the July 2020 bulletins which appears on our parish website at stanthonypadua.org.

Transmission of our Catholic Faith to the next generation

The gift and responsibility of worshiping and serving our Good God is given to each of us at our Baptism. The great gift of our faith is to be lived and shared with those that God places in our daily life. Each of us should spend time in prayer in the worship of God — the greatest and most spiritually beneficial prayer we have is the Holy Sacrifice of the Mass. We should also spend time with God every day in the secret room of our hearts, praying and meditating for a few moments on God’s love letter, the Holy Scriptures, as well as family prayers. After this, we should consider how God is calling us to share our faith with others. The necessity of this is more urgent than ever. According to numerous studies, Christianity is losing a large number of members annually — a phenomenon known as disaffiliation. One report stated that 3,500 people disaffiliate everyday. Another concluded that “nearly one in five adults under the age of 30 say they were raised in a religion but are now unaffiliated with any particular faith.” What is perhaps more shocking than that rate is when the phenomena are occurring. About 80% of these religious “nones” are walking away from their faith by the time they reach college age.

Even more disturbing, the median age of disaffiliation is 13 years old. Lest one think this is just a Protestant problem, reports indicate that Catholicism is actually “suffering the largest decline among major religious groups: a 10 percentage point loss overall. Nearly one-third (31%) of Americans report being raised in a Catholic household, but only one in five (21%) Americans identify as Catholic currently.” This loss is 5x worse than Evangelicalism. The problem is not experiential. In fact, 70% of “nones” report positive memories of their religious practices. The major motivations for people leaving their childhood religion are that “they stopped believing in the religion’s teachings (60%)” or that “their family was never that religious when growing up (32%).”

Whatever challenges of transmitting the Faith God allows us to experience, He also invites His people to prayer and exploring other means of communicating our faith, first to our families and then to those He places in our daily lives. Let us all pray and consider how we are called by God to communicate the gift of our Catholic faith.

Watch for more on this concern next week and what we can do to turn this around.
