FROM THE DESK OF FATHER SAIKI

Dear Brothers and Sisters,

It has been a busy summer for us here at the parish. Along with the normal events surrounding the end of the school year, we hosted two ordinations, and the visit from the National Eucharistic Pilgrimage. These events have been a tremendous blessing for us, and the fruit of lots of work and organization from many of our parishioners. I am so grateful to everyone who has been involved in preparing for these events.

I offer just a quick update on the steps. I have been having lots of meetings with the architect who is working on our front steps. There have been so many details that have needed to be addressed and considered in this project, most of which as not visible or obvious to the project. Details like drainage, zoning, materials, costs and securing financing, designs to maintain a consistent aesthetic with the Cathedral, and access to the church during construction, among other details, have all been part of the planning. We are so close to beginning the physical work on the steps. We are planning to have the physical work begin in July. The best-case scenario is that the project will be completed sometime in mid-winter. Worst case scenario is that it will be completed next spring. This will depend on the supply chain, and how quickly materials will be delivered.

This process has taken a long time, but it is moving along. I thank you so much for your patience with this, and for all your support in this process. When it is completed, we will not only have new, beautiful steps, but also steps that are much safer, and accessible for everyone to use the main entrance of the church. It is very exciting.

Of course, if you have any questions, please do not hesitate to ask.

Yours in the Most Sacred Heart of Jesus,

Queridos Hermanos y Hermanas,

Ha sido un verano muy ocupado para nosotros aquí en la parroquia. Además de los eventos habituales de fin de año escolar, tuvimos dos ordenaciones y la visita de la Peregrinación Eucarística Nacional. Estos eventos han sido una tremenda bendición para nosotros y el fruto de mucho trabajo y organización de muchos de nuestros feligreses. Estoy muy agradecido a todos los que han participado en la preparación de estos eventos.

Ofrezco una actualización rápida sobre los escalones de la entrada principal de la catedral. He tenido muchas reuniones con el arquitecto que está trabajando en los escalones de nuestra entrada. Ha habido muchos detalles que han necesitado ser abordados y considerados en este proyecto, la mayoría de los cuales no son visibles ni obvios para el proyecto. Detalles como drenaje, zonificación, materiales, costos y obtención de financiamiento, diseños para mantener una estética consistente con la Catedral y acceso a la iglesia durante la construcción, entre otros detalles, han sido parte de la planificación. Estamos muy cerca de comenzar el trabajo físico en los escalones. Estamos planeando que el trabajo físico comience en julio. El mejor de los casos es que el proyecto esté terminado a mediados del invierno. En el peor de los casos, estará terminado la próxima primavera. Esto dependerá de la cadena de suministro y de la rapidez con la que se entregarán los materiales.

Este proceso ha llevado mucho tiempo, pero avanza. Les agradezco mucho su paciencia con esto y todo su apoyo en este proceso. Cuando esté terminada, no solo tendremos escalones nuevos y hermosos, sino también escalones que serán mucho más seguros y accesibles para que todos puedan usar la entrada principal de la iglesia. Es muy emocionante.

Por supuesto, si tienes alguna pregunta, no dudes en preguntarme.

Suyo en el Sagrado Corazón de Jesús,
Padre Saiki
